YOUTH INTERNSHIP (YI) PROGRAM 2015-2016

The Youth Internship (YI) program is a national initiative coordinated by Industry Canada (IC) and funded through the Government of Canada's Youth Employment Strategy (YES). YI is funded under both the Summer Work Experience (SWE) and Career Focus (CF) Streams of YES. The objectives of the YI program are to assist young people in gaining the skills and experience needed to successfully transition into and remain in the labour force; and to encourage not-for-profit organizations across Canada to develop and apply ICT-related skills, knowledge and opportunities.

Eligible Youth Participant: Sections 1 and 2 of this document outline further eligibility requirements and definitions for eligibility/participation in the two program streams.

1. Summer Work Experience (SWE) Stream

The objectives of the SWE stream are to help students acquire employment and career-related skills, to support them in financing and furthering their education and to provide students with career-related learning and labour market information.

To participate in the YI program under the SWE stream, eligible participants must:

- be between the ages of 15 and 30 at the time of intake
- have been registered as full-time students in the previous academic year and intend to return to their studies in the next school year
- be hired over the summer
- meet the job requirements of the IHO, which should include stated ICT-related activities
- intend to gain ICT skills and knowledge
- be a Canadian citizen, permanent resident or person who has been granted refugee status in Canada and be legally entitled to work in Canada
- must not be in receipt of EI benefits while participating in a SWE project

2. Career Focus (CF) Stream

The objectives of the CF stream are to increase the supply of qualified people; to facilitate the transition of young people to a rapidly changing labour market; to promote the benefits of advanced studies; and to demonstrate federal leadership by investing in the skills required to meet the needs of the knowledge economy.

To participate in the YI program under the CF stream, eligible participants must:

- be between the ages of 15 and 30 at the time of intake
- have demonstrated skills achievement at the post-secondary level—this means that the participant must have more than secondary school achievement. If the participant entered university or college as a mature student and is pursuing a course of study at the post-secondary level, they would qualify
- intend to gain ICT skills and knowledge
- meet the job requirements of the IHO, which should include stated ICT-related activities
- be a Canadian citizen, permanent resident or person who has been granted refugee status in Canada and be legally entitled to work in Canada
- must not be in receipt of Employment Insurance (EI) benefits while participating in a CF project
